TANYA MISHRA

Marketing Operations & Growth Professional

Bangalore, India | +91 7739998161 | mishratanya3011@gmail.com | linkedin.com/in/tanya-mishra-7866a016a

SUMMARY

Marketing Operations professional with 4+ years across marketing automation, CRM operations, and demand generation. Builds HubSpot, Eloqua, and Responsys workflows, owns lead lifecycle and CRM data governance, and turns pipeline reporting into something sales and leadership can actually act on.

CORE SKILLS

Platforms: HubSpot, Oracle Eloqua, Oracle Responsys, Adobe Dreamweaver, Salesforce Marketing Cloud, Zoho, Freshdesk

Operations: Lead Lifecycle & Routing, CRM Data Governance, Marketing Automation, Agile, Design Thinking

Technical & Design: HTML, CSS, Excel (Pivot Tables & Dashboards), Canva, Figma, Photoshop

Execution: Email Marketing & A/B Testing, Campaign Reporting, Demand Generation, AI-Assisted Process Automation, LinkedIn Ads

Collaboration: Cross-functional Stakeholder Management, Mentoring, GTM Alignment

Languages: English (Fluent), Korean (Basic), French (Basic)

PROFESSIONAL EXPERIENCE

UBDS Digital India Jan 2026 – Present

Marketing Operations Analyst *Jul 2026 – Present*

- Own HubSpot lead lifecycle stages and routing across a 100k-contact database, cutting MQL-to-sales handoff time from 30 to 15 days.
- Rebuilt CRM data governance (deduplication rules, required-field enforcement, and a bi-weekly hygiene audit), improving data accuracy by 25%.
- Build pipeline and campaign attribution reporting used by sales and leadership in bi-weekly GTM reviews, replacing manual spreadsheets and ad-hoc pulls.
- Streamlined cross-functional handoffs between marketing and sales, improving process efficiency by ~20%.
- Partnered with sales, RevOps, the partnerships team, and leadership stakeholders to align lead scoring criteria and SLAs, strengthening the marketing-to-sales feedback loop and GTM alignment.

Growth Automation Specialist *Jan 2026 – Jun 2026*

- Designed 5 HubSpot automation workflows spanning nurture, re-engagement, and event follow-up, reducing manual campaign effort by 35%.
- Rebuilt audience segmentation and ran structured A/B testing across the nurture programme, lifting email open rate from 5% to 25%.
- Built lead scoring logic within HubSpot to prioritise high-intent leads, improving MQL qualification accuracy for the sales team.
- **Tools:** HubSpot, Cognism, Lead Forensics, Tussell.

Oracle Solutions Services Sept 2022 – Dec 2025

Expert Services Associate *Sept 2022 – Dec 2025*

- Delivered marketing automation and campaign execution on Oracle Eloqua and Responsys for three enterprise retail clients.
- Built segmentation and campaign reporting frameworks adopted across all three accounts, increasing operational efficiency by 30%.
- Piloted an AI-assisted workflow to automatically compress GIFs, banners, and images in campaign emails, reducing payload size and cutting email build-and-send turnaround time across the team's campaign pipeline.
- Supported 200+ enterprise customer engagement initiatives, coordinating across client marketing teams and internal delivery.
- Translated client requirements into scalable Eloqua and Responsys campaign architectures, working cross-functionally with delivery and account teams to ensure GTM readiness.
- Mentored junior associates on Eloqua and Responsys campaign delivery, supporting their onboarding and day-to-day troubleshooting.
- **Tools:** Oracle Eloqua, Oracle Responsys, Adobe Dreamweaver.

PROJECTS

NextLeap Product Management Fellowship

- Conducted user research and competitive analysis to identify product growth opportunities and unmet user needs.
- Ran structured prioritisation exercises to rank growth initiatives by impact and effort.
- Authored PRDs and product metrics frameworks, translating research insights into actionable growth recommendations.
