Highlights:

- Drove online revenue market share from 8% to a commanding 55% in just 18 months, showcasing a strategic and successful growth trajectory.
- Delivered an ROI of >10X on Performance Marketing campaigns, generating $ 1.3M in revenue against $100K spending.

Senior Manager, Category Management and Operations
Fashinza (Tirupur)|Mar'21 –Feb'22

Responsibilities:

- Collaborated with engineering and design teams to drive measurable growth in adoption and engagement.
- Crafted a client feedback loop and fine-tuned it for optimal alignment with both client satisfaction and key business success metrics.
- Led the development of product assortments, and ensured they aligned with customer preferences and market demand.

Highlights:

- Established a network of 500+ suppliers and managed the entire base for sourcing.
- Scaled monthly GMV to $100K within a year, setting up core backend functions from scratch.

Senior Manager, Category Management
Ninjacart (Chennai) | Apr'18 – Mar'21

Responsibilities across the tenure:

- Collaborated with engineering and design teams to drive measurable growth in adoption and engagement.
- Crafted a client feedback loop and fine-tuned it for optimal alignment with both client satisfaction and key business success metrics.
- Led the development of product assortments, and ensured they aligned with customer preferences and market demand.

Highlights:

- Managed P&L for key categories contributing 60% of revenue, driving 5x growth in daily volumes within 100 days.
- Led P&L optimization and market intelligence for 30+ cities, conducting daily price benchmarking across 75+ SKUs.

Software Engineer
Accenture (Chennai)|Sep'14–Aug'17

Responsibilities across tenure:

- Led end-to-end software development lifecycle, including design and implementation of business-critical applications while analyzing key performance drivers.
- Managed incident resolution through multiple channels and integrated new technologies/automation solutions to enhance existing systems.
