Aarav Menon

Software Engineer

Bengaluru, India · +91 00000 01001 · aarav.menon@example.com

SUMMARY

Backend engineer with one year of experience building REST services in Java and PostgreSQL.

EXPERIENCE

Software Engineer I **Jul 2025 – Present**

Cobalt Systems · Bengaluru

- Built three REST endpoints for the orders service in Java and Spring Boot.
- Wrote unit and integration tests, raising coverage of the orders module from 48% to 71%.
- Fixed 30 production bugs during two on-call rotations.
- Reviewed pull requests for a team of five engineers.

Software Engineering Intern **Jan 2025 – Jun 2025**

Cobalt Systems · Bengaluru

- Built an internal dashboard in React that tracks deployment status.
- Wrote SQL queries to find slow endpoints in the logs.
